Sherif Hoti - CV

Background

I am a passionate software engineer with 3+ years of experience in crafting robust and scalable web applications. My core expertise lies in TypeScript, JavaScript, and React for frontend development, complemented by backend proficiency in Java, Spring Boot, and Express.js. I have a strong foundation in relational databases and have worked with various technologies such as C#, Vue, Lit, and Solid. I thrive in dynamic environments, embracing challenges as opportunities for growth. My collaborative spirit and eagerness to learn make me a valuable asset to any team. I am committed to delivering high-quality software solutions that exceed expectations.
